1. If applying online, completed applications and electronic payment must be submitted by 11:59 PM EST on the last filing date.
2. If applying by mail, completed applications must be postmarked no later than the last filing date accompanied by a check or money order made payable to the Rockland County Commissioner of Finance.

PARTICIPATING AGENCIES: Rockland County Community College

For this promotion examination, eligibles can be appointed only in the jurisdiction in which they are presently employed.

An open-competitive as well as a promotion examination will be given on the same day and qualified candidates may also compete therein by filing a separate application for each. The promotion list will take precedence over the open-competitive list in filling vacancies in the agency listed, but upon its exhaustion, the open-competitive list will be used to fill vacancies occurring for a period of at least one year from the date the list was established.

SALARY: In accordance with the appropriate labor agreement.

WHAT THE JOB IS LIKE: This is administrative work of a complex nature that involves a responsibility for planning, managing and overseeing a comprehensive program of corrective and preventive maintenance across a large-scale building complex or other comprehensive facility (e.g., wastewater treatment facility and pumping stations). In addition, the incumbent may occasionally be responsible for supervising and inspecting various construction projects. Supervision is received from a higher-level administrator and supervision is exercised over a number of professional and technical employees. Does related work as required.

When completing the application, your description of experience must specify the dates of your employment, the number of hours worked per week, your title, and the main duties for each. Be specific; vagueness will not be resolved in your favor. Candidates who submit incomplete applications or documentation may be disqualified.

MINIMUM QUALIFICATIONS: You must be currently employed by **Rockland Community College** and have one (1) year of permanent, competitive class status there as an Assistant Director of Plant Facilities within a period of three years immediately preceding the date of the examination.

NOTE: If you were permanently appointed to a qualifying title and had provisional or contingent-permanent service in the same title immediately preceding the permanent appointment, such service shall be counted towards meeting the time in title required to apply for this examination.

ALL OUTSTANDING APPLICATION DOCUMENTATION: Must be submitted to the Rockland County Department of Personnel no later than two (2) weeks prior to the exam date. Failure to comply with the deadlines set herein may result in the disapproval of your application; disqualification from sitting for the examination; and/or disqualification from a resulting list of eligible candidates. These deadlines are subject to change by the Rockland County Department of Personnel upon notice to a candidate.

DIRECTOR OF PLANT FACILITIES (PROM) #70022190 (CONTINUED)

SUBJECT OF WRITTEN EXAMINATION:

1. Review and Interpretation of Plans and Specifications, and the Preparation of Estimates – These questions test for the ability to read and understand typical building plans, layouts, and technical specifications; and for the ability to calculate accurate estimates of material and labor costs.
2. Operation, Construction, Alteration, and Maintenance of Physical Plants, including Mechanical and Electrical Equipment – These questions test for knowledge of the methods and materials used in the construction, alteration, maintenance and repair of physical plant facilities including such areas as building foundation and framing, building hardware, insulation, and roofing; and building plumbing, electrical, sanitary, and heating, ventilating, and air conditioning systems.
3. Maintenance Management and Energy Conservation – These questions test for knowledge of the principles and practices involved in managing a building maintenance and energy conservation program including such areas as determining the need for and scheduling building repairs; proper building maintenance techniques; and effective energy conservation practices for buildings, including optimal heating plant and cooling system operation.
4. Operation and Maintenance of Heating, Ventilating and Air Conditioning Systems – These questions test for knowledge of basic principles, practices and techniques essential to the correct operation and maintenance of heating, ventilating and air conditioning systems, including such areas as air supply and exhaust systems, circulating fan capacities, building ventilation requirements, steam, hot water, and hot air heating systems; boiler operation; the refrigeration cycle, types and characteristics of refrigerants, troubleshooting air conditioning system problems, and proper maintenance of air conditioning systems.
5. Administrative Supervision – These questions test for knowledge of the principles and practices involved in directing the activities of a large subordinate staff, including subordinate supervisors. Questions relate to the personal interactions between an upper level supervisor and their subordinate supervisors in the accomplishment of objectives. These questions cover such areas as assigning work to and coordinating the activities of several units, establishing and guiding staff development programs, evaluating the performance of subordinate supervisors, and maintaining relationships with other organizational sections.
